

SAVE NARRABUNDAH

I agree with Narrabundah Community Council chairman John Keeley about saving the historic and handsome Narrabundah duplexes ("Narrabundah locals fight to save historic duplexes", July 9, p2).

Things of yesteryear add interest to a suburb and draws attention to it. Narrabundah is close to the hearts of those early residents in the 1940s and '50s, I being one of them.

Please preserve and leave the "entrance to Narrabundah" as it is.
